

Appl. No. : 09/696,836  
Filed : October 25, 2000

REMARKS

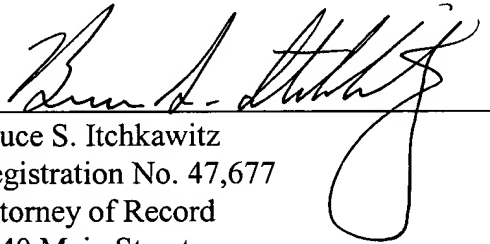

Applicants have added a section entitled "Claim of Priority" to the beginning of the present application. Applicants submit that this amendment to the specification has not added new matter to the application.

Pending Claims 93-97 remain as previously allowed over the prior art. Applicants respectfully request that the priority claim be entered into the application, and a Notice of Allowability be issued. If, however, any matters remain which could be resolved by Examiner's Amendment, the Examiner is cordially invited to contact the undersigned by telephone so that any such matters can be promptly resolved.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
